FINANCIAL SITUATION IS MUCH BRIGHTER IN THE EAST

TWO BIG TRUST COMPANIES CARED FOR AND PROMISE TO BE GOOD

Big Gold Shipments Have Been Further Increased and Stock Market Goes Upward.

RUNS ON TRUST COMPANIES HAVE STOPPED

Now that the Danger Is Past It Is Believed the Banks Will Gradually Fill to Overflowing with Reserve Money.

By Associated Press.
NEW YORK, November 6.—The general financial situation is very favorable today.

Runs on the trust companies have practically ceased under the encouraging support of the trust company committee.

Gold engagements have been further increased.

The stock market rose buoyantly in consideration of these conditions.

The announcement that an agreement had at last been reached by which the Trust Company of America and the Lincoln Trust company were to deposit their stocks in the hands of a committee of trust company presidents and were to receive all the support required financially cleared the air in regard to the trust company situation.

Now that the danger has been removed it is believed the situation will gradually simmer down with a continuous arrival of gold until the stringency is converted into a plethora of reserve money in the banks which usually follows a crisis.

Additional gold engagements announced today were \$1,000,000 on account of Lazard Freres and a half million for Montreal. This brings the total gold engagement for America on the recent movement to \$37,500,000, which would afford the amount required for the legal reserve against deposits of \$150,000,000.

There is still some apprehension regarding the possible effect of the Bank of England's check on the outflow of gold from London by raising the discount rate on Thursday.

It is understood that the arrangement by which the committee of trust company presidents takes control of the majority of the stock of the Trust Company of America and the Lincoln Trust company is only a temporary device of establishing confidence. What is to be the ultimate disposition of the stock has not been seriously considered, but it is certain that the trust company committee and the clearing house committee will insist that these companies persevere in the future a policy of the strictest conservatism and that they shall not embark in any underwritings which are not capable of being converted readily into cash.

There is due the city in taxes about \$4,000,000, which must be paid this month, unless the council gives an extension of time. The first installment of county taxes will amount to a little more than \$2,500,000, of which about \$500,000 has been paid. LOS ANGELES STOPS TAX COLLECTIONS
Will Leave Funds in Circulation to Relieve Strain on the City Banks

LOS ANGELES, Cal., November 6.—As a favor to local bankers, who feel that as much money should be kept in circulation in Los Angeles as possible until a new supply can be obtained from distant banks, and backed by the legal right given him as a result of the holidays, authorized by the governor, County Tax Collector W. O. Welch at 11:30 o'clock yesterday morning ceased to collect taxes, and one hour later City Tax Collector E. E. Johnson did the same thing. Mr. Welch will reopen his office for the collection of taxes next Monday, according to a statement made by him yesterday afternoon.

By Associated Press.
SAN FRANCISCO, Cal., November 6.—Gwin McNabb, a well known attorney and politician of this city, was run over by a runaway horse late this afternoon at Third and Market streets and seriously injured. MASSACHUSETTS GAVE GUILD 104,351 PLURALITY

By Associated Press.
BOSTON, Mass., November 6.—Politicians throughout the state are much interested today in examining the returns of yesterday's election to consider the bearing on next year's contest. The independence league maintained a place as a political body, while the so-called anti-merger party, by polling a trifling over 3 per cent of the total vote, will also be in the race next year to hold a convention and place candidates on the official ballot. The plurality by which Guild won his re-election was today placed at 104,351 and is the largest given a successful candidate for governor since 1898. On the other hand, the democratic vote of 84,192 was one of the smallest in years.

SEVEN MILLIONS IN GOLD HANDLED AS OLD SCRAP

By Associated Press.
NEW YORK, November 6.—With no more ceremony nor care than if iron banded wooden boxes confined so much tin or other base metal, more than \$7,000,000 in gold was brought to this port yesterday by the steamer Kronprinzess Cecellie and was transferred from the strong room of the vessel to Wall street today. The gold coin was taken to the sub-treasury, while the bars were dumped at the assay office. The government immediately advanced to the bankers to whom the gold was consigned 90 per cent of its value in bills and small currency.

These facts were obtained today from one of Mr. Maloney's attorneys and from a girl chum of Miss Maloney who knew of the Osborn marriage and is familiar with the incidents leading up to her elopement with Clarkson.

The fact that Osborn has become a Roman Catholic may have everything to do with the ultimate solution of the affair, since the opposition to him by the Maloney family was on account of the religious differences of the young people. Upon the heels of the confirmation of the Osborn marriage comes the charge made by Miss Maloney's friends and relatives that Clarkson was never really in love with the young heiress, but was after her money. It is declared that he was fully aware of her previous marriage and had been warned by a New York lawyer that a second marriage would be bigamy.

By Associated Press.
SAN FRANCISCO, Cal., November 6.—Superior Judge Lawlor had a conference with the leading banks this afternoon with a view of ascertaining if it will be practicable to temporarily suspend the bank holidays for a few days without inviting serious financial difficulties in order that courts of justice might resume cases, especially the trial of Ford, general counsel for the United railroads. HURON, S. D., November 6.—James Macomber reached here today from the scene of the Indian troubles and says the Utes are very restless and that some open threats are made. While there is no occasion for immediate alarm it is a fact that the matter may become serious at any moment. The trouble originated from fear that the government would withhold rations and with the approach of winter the Indians apprehended destitution. Several men here who desired to go to the reservation were informed that no permits will be issued to civilians to cross the river and close watch is being kept on all visitors.

TRESPASSER GETS HEAVY SENTENCE

Fred Reid, on a conviction of trespassing, in Justice Thomas' court yesterday was sentenced to pay a fine of \$25 or to serve twenty-five days in the county jail. He was unable to come through with the money and is confined at the county jail.

According to the evidence Reid, while out hunting, entered upon the premises of Charles Slack, which were duly posted against hunters and trespassers generally. Slack discovered the young man in one of his lots.

"What are you doing?" asked Slack. "Hunting," was Reid's reply.

"Well, notices are posted on this place prohibiting it, and I want you to get out," was Slack's order.

Reid, so the testimony went to show, dropped his gun to the ground, cocked it, and remarked:

"You fly for your house and stay there."

And Slack flew.

Reid's arrest followed a few hours later.

TAYLOR WILL HAVE 1,000 MAJORITY OVER HIS CONTESTANTS

Langdon Leads McGowan, the Socialist Candidate, by at Least 1,000 Votes.

By Associated Press.
SAN FRANCISCO, Cal., November 6.—Complete returns at midnight from all out 15 precincts of the 273 in the city gives a total of 53,700 votes, as indicating that the total vote cast in the city will be 55,000, or 74 per cent of the total registration of 77,000.

The complete count in 258 precincts returned up to midnight give Taylor for mayor 26,501; McCarthy, 16,852, and Ryan, 8,710. Langdon for district attorney, 31,024; McGowan, 18,889. This makes for Taylor a round majority of 1,000 over all the votes cast for McCarthy and Ryan, and Langdon a rough majority of 1,000 over McGowan, the socialist candidate. These majorities will probably be increased by the count of the 15 missing precincts.

Union Labor Party

Completed count in 241 precincts give Mulerey, union labor candidate for county clerk, a plurality of 2,369 over his good government opponent, William P. McCabe, and Mulerey is undoubtedly re-elected. The same count gives John E. McDougal, union labor treasurer, a plurality of 4,286 over E. L. Cullen, good government candidate.

There is practically no question about McDougal's victory. William Broderick, democratic candidate for supervisor, who was adopted as the good government nominee, at last moment was probably defeated.

Langdon Makes Statement

Langdon today made the following statement to the Associated Press regarding the election:

"The results of the election speak loudly for decency and honest citizenship in San Francisco, a city which for twelve months has been a byword among the cities of the nation, because of its crimes. Graft corruption has marked the course of municipal affairs and yesterday was the first opportunity the people had of an expression of disapproval and condemnation of the officials who betrayed them, and to repudiate corrupt organizations which desired to select successors to the discredited officials. This will be the last campaign for the union labor party in San Francisco. Sincere and honest labor leaders like McArthur, Sweeney, Casey, MacLauren and Furuseth have been fighting for years to bring about a separation of political and industrial life of organized labor. Yesterday's results crowned their efforts in this behalf.

The election showed that good citizenship was not found solely in the ranks of the business and professional men of this or any other community. In fact, it was the determined efforts of a considerable portion of the business classes to accomplish the defeat of the district attorney in order to prevent the punishment of wealthy and influential criminal business men that stamps them most as dangerous citizens of the United States. My tremendous majority is taken by me as approval of the course of the district attorney and a command of the people to continue the prosecutions against those who have already been indicted and brought to the bar of justice.

Katzenbach Gives It Up

TRENTON, N. J., November 6.—Frank S. Katzenbach Jr., democratic candidate for governor, tonight conceded the election of John Franklin Fort, his republican opponent, by 7,000 in the following statement: "Late returns do not change the complexion of the state senate which, gives the republicans fourteen to seven for the democrats."
